Knight Campus Undergraduate Scholars Application Preview

At the beginning of the application you will be asked to provide some demographic information that this program only uses for statistical reporting purpose. This preview does not include those questions.

Research Interest (200 words maximum)

The Knight Campus has five scientific areas of focus

1. Bioengineering
2. Materials for biological application
3. Precision medical technologies
4. Predicting complex biological systems
5. Synthetic biology/molecular engineering

For more information about the five areas visit https://accelerate.uoregon.edu/strategic-plan.

Please select the area of scientific focus that most interests you and describe why you find it interesting.

Research Experience (200 words maximum)

Please describe your research experience to date. Include the names of labs you have worked with.

Please Note: If you have no research experience, please enter "n/a". Prior research experience is not required for participation in this program.

Candidate's Statement (500 words maximum)

The candidate's statement is your opportunity to:

• describe your academic, personal and career interests;
• highlight your achievements to date;
• explain how participation in this program aligns with your interests and goals; and
• describe why you are an excellent candidate for the program.

Candidate's statement should be well-written, well-organized, reflective, thoughtful and free of spelling and grammatical errors.

Letter of Recommendation Writer

Please list the faculty member that you have asked to send a letter of recommendation on your behalf.
